

AIRPORT OPERATIONS MANAGEMENT

Modern airports are like mini cities – thousands of staff managing hundreds of functions and resources. Airports face a tough challenge in ensuring smooth operations everyday, while improving productivity.

Our Airport Operations Management Solution automates all the processes for planning and executing Ground Handling, Passenger Handling, VIP Handling and Transfer Service Handling. It ensures smooth execution and monitoring of entire Airport Operations communicating with the Airport Operational Database through a Message-Oriented Middleware Bus.

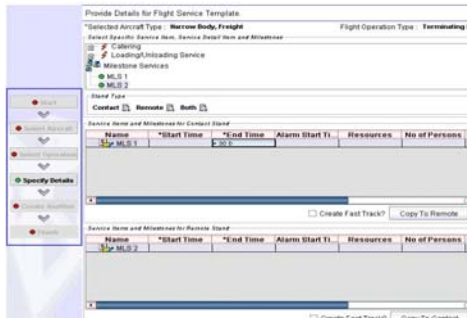

Airline	Flight No.	Flight date	Movement indicator	Schedule operation time	Estimated time of AT	Actual time of AT	Flights Time for AT
OZ	OZ3180	27-Dec-2008	D	19:38			
OZ	OZ3181	28-Dec-2008	D	20:48
